THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES. WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794, OF THE U. S. CODE, AS AMENDED, ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

1. Dr. (fnu) Thor of the Ministry of Health was in charge of a nation-wide X-ray examination program. Thirty portable X-ray sets were installed in buses; trained X-ray operators toured the country taking photographs of many citizens. Recently the X-ray equipment was issued to the Regional National Committees which are continuing the examinations.
2. When X-rays of Army personnel or employees of vital industrial plants are taken, the X-ray plates are marked by number only, rather than by name and number.
3. The Ministry of Health Cadre Department is headed by Mrs. (fnu) Mydlarova.
4. Ministry of Health youth medical centers give preventive medical examinations to all school children and students. One examination per year is compulsory in every school. Each child receives a medical record, has his eyes and teeth examined, his chest X-rayed, and in some cases has a urinalysis taken.
5. Records of examinations of students from workers' families who have received special preparatory courses before admittance to universities are kept by youth centers. These records are marked "ADK" (Absolvent delnickych kursu - Graduate of Workers' Courses). The university students include foreign students of various nationalities - Bulgarians, Koreans, Poles, British, Greeks.
6. Since 1951 youth centers have also been giving medical checks to workers under 18 years of age; they are also responsible for their medical treatment.
7. The Youth Medical Center in Prague includes the following personnel:
 - a) Chief Physician - Dr. (fnu) Freund.
 - b) Assistant to Chief Physician - Dr. (fnu) Pec.
 - c) Head of Preventive Department - Dr. (fnu) Vitkova.
